Poor & Clean

Par Gregory Isaacs

Album : Night Nurse: The Best Of Gregory Isaacs

a rich mans heaven is a poor mans hell

so many years I've been slaving in your factory

never had a chance to talk to the boss

and for so long I've been living in this

old community, where no one knows my fate

yet I pay the cost

No one knows my fate yet I pay the cost

but I would rather live poor and clean

than rich in corruption

I said I've got to live clean

cause JAH has got to pass down judgement

I said I wanna be clean

can't you see what I mean?

wanna be strong

all day long

I would rather to live poor and clean

than to live rich in corruption

I wanna be clean

can't you see what I mean?

a rich mans heaven is a poor mans hell
