Fire in the House

Par Hard?Fi

Album : Killer Sounds (Deluxe version)

Darlin, there's fire in the house tonight

Burning hot, raging wild, but I love you.

Sweetheart, the dogs are running wild today

Dogs of war that howl and bay, but I love you.

Yeh I love you, yeh I love you

Yeh I love you, yeh I love you...

Baby I need you tonight, we ain't got time to fuss and fight

So tonight call out when the love is gone

Do you remember, do you recall?

When the good times filled your heart and soul and

We'd dance, all night, we'd kiss in the morning light

'Til I burn up, 'til all that's left is dust I'm yours

Protect you from the coming storm

Cos I love you, yeh I love you

Yeh I love you...

Baby I need you tonight, we ain't got time to fuss and fight,

So tonight call out when the love is gone

Do you remember, do you recall?

When the good times filled your heart and soul and

We'd dance, all night, we'd kiss in the morning light

There's fire in the house tonight...

Burning hot, burning wild...

If you let it.

Baby, baby, I love you, love you...

Do you remember, do you recall?

When the good times filled your heart and soul and

We'd dance, all night, we'd kiss in the morning light

Baby I need you tonight, we ain't got time to fuss and fight

So tonight call out when the love is gone

Do you remember, do you recall?

When the good times filled your heart and soul and

We'd dance, all night, we'd kiss, all night, baby...

There's fire in the house tonight
