Falling like dominoes

Reaching for the stars, one by one

Hands illuminate the sky

Goes on, and on, and on

Let me take you, all away

I guide you trough the night

Come shine your light, a little brighter

Set your fire, afraid inside

Are your ready? Await it

Come in way, enjoy the ride

I'll take you, all away

Find the answer, in Arcadia

Arcadia

Hey you wanna alcohol or what?;

Falling like dominoes

Reaching for the stars, one by one

Hands illuminate the sky

Goes on, and on, and on

Let me take you, all away

I guide you trough the night

Come shine your light, a little brighter

Set your fire, afraid inside

Are your ready? Await it

Come in way, enjoy the ride

I'll take you, all away
