# Sacrilege Of Hate

Par Hate Eternal

*Album : Promo '97*

My rage

Intensifies

The weak

Purifies

The meek crucifies

My total hate

Struggling with conflict

Over my deep seeded hate

Striving with constant angst

**Breed all of my pain**

**Bleed all of my pain**

Fighting with anger

Ocercoming all that is sane

Writhing to be ordained

Feeding on grief

Needing pain

Ever so deep

Reasoning through rational

**Breed all of my pain**

**Bleed all of my pain**

Seeking my vengeance

Feeding on pity and empathy

Searching for infamy

Blessed with blasphemy

I live off all of the meek

Your feebleness so weak

With greed i solidify your

Fate

I'll bleed you of your hate
