Who's fucking you

I wanna know - I wanna know

Who's fucking you

Whats my motherfucking name

Who's fucking you

A nigga like me only comes around

Once in a little while

I cant wait to fuck you baby

I give it to ya daddy

Give it to ya dirty, dirty

You know i love it daddy

Love the way you hurt me, hurt me

Hey shorty, lets go get high

Go get high and fuck all night

Hey shorty come on over tonight

And i'll eat your little pussy

Underneath the moonlight

I wanna know - I wanna know

Who's fucking you

I wanna know - I wanna know

Who's fucking you

Whats my motherfucking name

Who's fucking you

Cum - Cum - Cum

You will remember who's fucking you

Daddy you drive me crazy

Daddy lets make some babies

Cuz a nigga like this only come around

Once in a little while

You make me feel so dirty

Oh, daddy daddy

Yeah

You like being a little slut

Dirty little bitch

Stand up

Over here by the wall

Put these heels on

Stick your ass out

Now suck on this lollipop

Be a good girl

Here now take this vibrator

I want you to play with your clit

While i fuck you from behind

And i want you to concentrate

I wanna know - I wanna know

Who's fucking you

I wanna know - I wanna know

Who's fucking you

Whats my motherfucking name

You will remember

Who's fucking you

Cum - Cum - Cum

Who's fucking you
