Miracle Sun

Par Heavy Heavy

Album : One Of A Kind

You and me babe we're walking

Out in the hurricane wind

You and me babe we're walking

Out in the miracle sun

I don't know why I was even born in this place

But I know why I've been looking for longer days

Get down

And I know life is long, but it's mine, mine, mine this time

Me and my girl we're walking

Out in the miracle sun

Me and my girl we're walking

Out in the sunshine flowers

You think you're free, you think you're one of me

Scared to be outrageous, the fear's so contagious, oh man

So out here, me and my girl we're alive

I don't know why you try, try, try, try

I'll never be like you man

I'm nothing like you man

Your hair's not long enough

No street is long enough

How do you even sleep with yourself at night?

How do you even sleep with yourself at night?

Now and forever young, and we feel alright

How do you even sleep with yourself at night?
