Take it off, I've been thinking bout it

All night long, wanna scream and shout it

Got my imagination, pity, so I can't tame it

Baby, don't keep me waiting

**So excited, I can't wait to ride it**

**Know you like it, when you put me on**

**Pull me closer, I'll be the controller**

**Take you over when you put me on**

**Top, top, top, top, top, top**

**Watch that ass**

**Drop, drop, drop, drop, drop, drop**

**Make my pum**

**Pop, pop, pop, pop, pop, pop**

Put me on

**Top, top, top, top, top, top**

**Yeah, I know how to drive stick**

**I'm pulling up, whip it up quick**

**Get ready 'cause when I hop in**

**No stopping, I'll make your head spin**

**Hands on my waist**

**Better set the pace**

**Make you levitate**

Just wait

**So excited, I can't wait to ride it**

**Know you like it, when you put me on**

**Pull me closer, I'll be the controller**

**Take you over when you put me on**

**Top, top, top, top, top, top**

**Watch that ass**

**Drop, drop, drop, drop, drop, drop**

**Make my pum**

**Pop, pop, pop, pop, pop, pop**

Put me on

**Top, top, top, top, top, top**

**Yeah, I know how to drive stick**

**I'm pulling up, whip it up quick**

**Get ready 'cause when I hop in**

**No stopping, I'll make your head spin**

**Hands on my waist**

**Better set the pace**

**Make you levitate**

Just wait

**So excited, I can't wait to ride it**

**Know you like it, when you put me on**

**Pull me closer, I'll be the controller**

**Take you over when you put me on**

**Top, top, top, top, top, top**

**Watch that ass**

**Drop, drop, drop, drop, drop, drop**

**Make my pum**

**Pop, pop, pop, pop, pop, pop**

Put me on
