Eagle Fly Free (2024 Remaster)

Par Helloween

Album : Keeper of the Seven Keys, Pt. 2

People are in big confusion

They don't like their constitutions

Everyday they draw conclusions

And they're still prepared for war

Some can say what's ineffective

Some make up themselves attractive

Build up things they call protective

Well your life seems quite bizarre

In the sky a mighty eagle

Doesn't care 'bout what's illegal

On its wings the rainbow's light

It's flying to eternity

Eagle fly free

Let people see

Just make it your own way

Leave time behind

Follow the sign

Together we'll fly someday

Hey, we think so supersonic

And we make our bombs atomic

Or the better quite neutronic

But the poor don't see a dime

Nowadays the air's polluted

Ancient people persecuted

That's what mankind contributed

To create a better time

In the sky a mighty eagle

Doesn't care 'bout what's illegal

On its wings the rainbow's light

It's flying to eternity

Eagle fly free

Let people see

Just make it your own way

Leave time behind

Follow the sign

Together we'll fly someday

In the sky a mighty eagle

Doesn't care 'bout what's illegal

On its wings the rainbow's light

It's flying to eternity

Eagle fly free

Let people see

Just make it your own way

Leave time behind

Follow the sign

Together we'll fly someday

Together we'll fly someday

Forever we'll fly

Together we'll fly

Forever we'll fly someday oh oh oh
