# Eagle Fly Free (Remastered)

Par Helloween

*Album : March Of Time - The Best Of 40 Years*

People are in big confusion

They don't like their constitutions

Every day, they draw conclusions

And they're still prepared for war

Some can say what's ineffective

Some make up themselves attractive

Build up things they call protective

Well, your life seems quite bizarre

**In the sky, a mighty eagle doesn't care 'bout what's illegal**

**On its wings the rainbow's light, it's flying to eternity**

**Eagle fly free**

**Let people see**

**Just make it your own way**

**Leave time behind**

**Follow the sign**

**Together we'll fly someday**

Hey, we think so supersonic

And we make our bombs atomic

Or the better, quite neutronic

But the poor don't see a dime

Nowadays, the air's polluted

Ancient people persecuted

That's what mankind contributed

To create a better time

**In the sky, a mighty eagle doesn't care 'bout what's illegal**

**On its wings the rainbow's light, it's flying to eternity**

**Eagle fly free**

**Let people see**

**Just make it your own way**

**Leave time behind**

**Follow the sign**

**Together we'll fly someday**

**In the sky, a mighty eagle doesn't care 'bout what's illegal**

**On its wings the rainbow's light, it's flying to eternity**

**Eagle fly free**

**Let people see**

**Just make it your own way**

**Leave time behind**

**Follow the sign**

**Together we'll fly someday**

**Together we'll fly someday**

Forever we'll fly, together we'll fly

Forever we'll fly

Someday, whoa-oh-oh

Whoa-oh-oh!

Ohh!
