Good and Foolish Times

Par I See Hawks in L.A.

Album : Hallowed Ground '08

Red canyon walls and waterfalls

On my color TV

Late night call

Grab your shawl

You're 800 miles away from me

Didn't we have some good times

Some good and foolish times

Didn't we have some good and foolish times

Didn't we take some long rides

Some long and winding rides

Didn't we take some long and winding rides

Goddam this telephone

Now I'm feeling more alone

I can't call you again

I break down and drive all day

Sunset on the Great Salt Lake

I knew I'd find you at the Red Iguana Café

Then we have our same old fight

Underneath the disco lights

You're out the door and then

Clear corn liquor in a jar

Locked in my brother's car

Bet we'll do it all again
