Oh my my

I feel it on the street

So so fine

Girl i know you believe

When there's something that makes you want it

There's no way you can just say no

But you can't put your finger on it

Oh no

Oh no

Yeah yeah yeah

Turn on

The redlight

Yeah yeah yeah

It's alright

Tonight

We don't have long

Don't let it get away

See something like this

Won't come along every day

When there's something that makes you want it

There's no way you can just say no

But you can't put your finger on it

Oh no

Oh no

Yeah yeah yeah

Turn on

The redlight

Yeah yeah yeah

It's alright

Tonight

Yeah yeah yeah

Turn on

The redlight

Yeah yeah yeah

It's alright

Tonight
