I Need Somebody

Par Iggy & The Stooges

Album : Rough Power - Early Raw Power Mix

But I am your crazy driver

Honey I'm sure to steer you ' round

I am dying in any story (?)

I'm only living and (when I) sing this song

(Just the same, baby...)

I need somebody, baby

I need somebody, too

I need somebody, baby

Just like you

But I'm losing a lot of my feelings

And I'm running out of friends

You know you lied to me in the beginning

Tried to bring me to the end

I need somebody, baby

I need somebody, too

I need somebody, baby

Just like you

Well I was trying to leave this signal

In a fury an (it) is too strong

Yea I got my reputation

Write me anyway, not too long

I need somebody, baby

I need somebody, too

I need somebody, baby

Just like you.
