Bitch Death Teenage Mucous Monster From Hell

Par Ingrowing

Album : Wizards Of Gore - Tribute To Impetigo

I was created to destroy you

You're time is near

When you least expect it,

Dying time is here!

I'll find you at a party

You're drinking your beer

I'll crawl up behind you

and chew off your ear!

You stare at me cause you're boyfriend's a goon!

You don't understand!

I'm in disguise, you can't recognize

The green slime on your hand

I thrive o kill you assholes

I want all of you fuckers dead!

When you go cruising for babes

I'll explode inside your head!

You say it's just a nightmare.

Some bad dreams you've had

But when you see me slaughtering your pals,

You'll go screaming for your dad!

You numbers will diminish

Hear my carnivorous squeals!

I'm disgusting, I'm cute, and I'm cuddly

Your doom is sealed!
