Inna, No limit

**But i like it**

**But i like it**

Sometimes in life

You gotta do what you gotta do

When you gotta stand by

'Cause all around the world

Don't forget, sky is the limit

I got moves, i got love

I got everything you want

I can dream, i can fly

**Girl you need for a ride**

My love round, my love buzz

Don't you stare at my shoes

If you think i'm just cool

**Girl you need for a ride**

**Fricko fricko you're freackin' it**

**Fricko fricko you're freackin' it...**

**Fricko fricko you're freackin' it**

**But i like it**

**Fricko fricko you're freackin' it**

**Fricko fricko you're freackin' it...**

**Fricko fricko you're freackin' it**

**But i like it**

**But i like it**

O o o...

O o o

O o o...

O o o

O o o...

Caught to me in a thing

'Cause my love is a game

I will treat you the same

And everthing's all right

I just want you to know

'Cause i wanna go slow

If you want it let go

And everything's all right

O o o

O o o...

O o o

O o o

O o o...

O o o
