### acid blue

Par IVOXYGEN

*Album : earthbound*

My anger is reaction

You're toxic like the acid

I'm attracted to your fashion

I know it's just a fraction

My lifestyle is so rapid

Nothing about me is classic

You said to me you're attracted

Now you wanna wrap me up

I need my little space

And you worry 'bout your face

You so fine in Dior

I wanna give you more

You make my head go round

But I don't play by your rules now

I step back and relax

I don't get into your traps

Words are less than action

My freedom - your distraction

Your affection is my acid

Blue mood, placid

Life is not fantastic

Same vinyl plastic

Hop into the C84, let's gas it

Lose ourselves in the view

Gas it

**You make my head go like the wheels round**

Play it

**The melody will never get out of my head**

Gas it

**You make my head go like the wheels round**

Play it

**The melody will never get out of my head**

**Yeah, ah, oh**

**Yeah, ah, oh**

**Yeah, ah, oh**

Yeah, ah, oh

Yeah, ah, oh

Yeah, ah, oh, take my hand

Get ready

In the middle of the night

I'll give you wings

Let's leave the earth

Get ready, get ready

Three, two, one

Now we are one

Get ready, get ready

Three, two, one

Now we are one

Life is more than the things you wear

Life is more than we might be aware

Life is more than the image on the screen

Life is one we never can replace

Ever

Ever

Ever

Ever
