# Hey Now

Par Jack Blades

*Album : Rock 'n' Roll Ride*

Hey now

**I said hey now**

**I could use a little of your sympathy**

Said hey now

Hey now

**All I want to hear is your symphony**

When I'm all alone, and so far from home I'll think of you

Yeah, yeah, do I need a reason

And when I'm all alone, you help me hold on

You help me hold on hold on for one more time

**I said hey now**

Hey now

I think I could use a little of your symphony

Won't you help me, help me

All I want is your love you see

I could use a little now, cause I'm all out

I'm really low, down low, and you don't know the feeling

I said wait now, I could I could hang on when I know I know I know you're hanging on hey

Everytime I wake I want to be with you

And everytime I sleep I want to sleep with you

You radiate love with every move I see

And I see you smiling right at me

Hey now

Hey now

**I could use a little of your sympathy**

**I said hey now**

Hey now

**All I want to hear is your symphony**
