# Yeah Yeah Yeah (V2)

Par Jack Conte

*Album : 2:45*

Yeah, yeah, yeah

I knew it all along

I knew it from the very start

And I felt it in my heart

If there's even one to feel, oh-oh

I bought you a gift

It's a picture frame for my face

When you decide to place me in the past

'Cause nothing lasts

Yeah, nothing lasts

No, nothing lasts

**Yeah, yeah, yeah**

**I knew it all along**

**I knew it from the very start**

**And I felt it in my heart**

If there's even one to feel (feel)

**Yeah, yeah, yeah**

**I knew it all along**

**I knew it from the very start**

**And I felt it in my heart**

**If there's even one to feel, oh-oh**

You're taking off your clothes

I hear echoes of your breathing

But she's fading into the past

At last

**At long last**

**At long last**

**Yeah, yeah, yeah**

**I knew it all along**

**I knew it from the very start**

**And I felt it in my heart**

If there's even one to feel (to, to...)

Oh, let me be

Oh, leave me alone

Water me, my memories are wilting

Oh

**Yeah, yeah, yeah**

**I knew it all along**

**I knew it from the very start**

**And I felt it in my heart**

If there's even one to feel, oh
