Mystery

Par Jack Wall

Album : Call of Duty®: Black Ops 4 (Official Soundtrack)

A warning carved in a figure

Run before they see you

Lead you all away

Run before they know

(This image) Can't be real

(Diminish) Make me feel

(I fall away) Like crumbling away

Where are all the names?

A warning wind in the distance brings a colder morning

Mourning day and night brings a darker light

(This shadow) Over me

(Is growing) Now there are nine

(I'm crying out) De profundis clamavi

Bleeding from the darkest beating heart

What is this I'm looking for?

Who am I beyond this door?

Show me something that I recognize

Show me answers to all this mystery

A warring cry of resistance sings to sleep a monster

Howling with the loons and tolls an April bell

(I hear it) In my mind

(I fear it) Won't stop ringing

(Time wear away) Time is rust wearing away

Greater than all grains of sand you see

Who is this I'm looking for? (Who are you?)

What would I believe beyond all these doors? (Now show me)

Show me someone whom I recognize, show me

Show me someone I can clearly see, a mystery

What is this you're looking for? (Who are you?)

Who are you behind this door? (Who are you?)

Show me something that you recognize, is it me?

Knowing that you can now see clearly

Clearly see everything, clearly see everyone there

I can be anyone anywhere

And I'm waiting for someone to come here

And kill me and become a part of me

Break them and make them me

Why am I here and who am I now? (Who am I?)

What would I believe in side my mind (Who am I?)

Show me somewhere I can realize, show me

Show me somewhere I can clearly be my mystery

Where was it you were before? (Where are you?)

Who are you and where are you now?

Show me someone that will never die, die like me

I'll show you something that is always alive

And dying to find and mine is a mystery
