I'm a Greedy Man, Part 1

Par James Brown

Album : 079 # Star Time

Pick up on this, pick up on this

Yeah, I'm a greedy man, a greedy man

I'm a greedy man, I'm a greedy man

I'm a greedy man

Now, brother don't leave the homework undone

Hey, hey, hey

Now, brother don't leave the homework undone

Wait a minute, sister

You got to have

Something to sit on

Before I carry you home

Don't say I ain't got it because I can't do without it

Too much, but not too bad

But it's better than dying from something

That you never had

I maybe crude sometimes, it pays

But let me tell you somethin'

I love those sexy ways

I'm a greedy man, I'm a greedy man

My name ain't Jordy

But my name is Brown

I like to love get down, down, down

I'm a greedy man

He's a greedy man

I'm a greedy man

Now, brother don't leave the homework undone

Now, brother don't leave the homework undone, hey

I can prove myself take it out the back door

A man better chase her now, run, tell that

Look here, look here now good strong men

Don't grow on trees I'm not talking just to tease

You're made so sweet, you're made so sweet, you're so sweet

You're my pet, come over here little darlin' and wipe this sweat

I can feel ya, feel your hand now, feel your hand now

Feel so good, you feel so good

Now, brother don't leave the homework undone

Now, brother don't leave the homework undone
