# The Lonely Shepherd

Par James Last

*Album : Romantic Collection Vol. 4*

I am lonely lonely lonely

I am lonely lonely in my life

I am lonely lonely lonely

God help me, help me to survive

Remember first time we met day one  
Kids in the garden' playin' games heaven' fun  
Excitin' and amazin' havin' a real friend of mine  
Feel my heartbeat and for real friend of mine  
Face to face and eye to eye  
Usin' our hands to buy and supply  
Chillin' is cool from January to June  
And we still sticked together like the glue  
And know the rules  
Forever you and I and believe it was clear  
If I ever should fall  
I could count on you with no fear  
Runnin' out of time I see who's fake  
Alone without protection from all them snakes  
All for one one for all i was told  
Black white yellow no matter  
If your young or old

**Nana's in the house to let you know**

What I see is how I fell and damn  
I'm alone

**I am lonely lonely lonely**

**I am lonely lonely in my life**

**I am lonely lonely lonely**

Everybody's trippin' on me  
Oh Lord, come help me please  
I did some bad things in my life  
Why can't you rescue me  
'Cause you've got all I need  
I know I got to pay the price  
Cheppin' through the streets at night  
After a fuss and fight  
Tears in my eyes I'm a man lookin' for the light  
Dark is the path I know he will rescue me  
The Lord is my Shepard I'm cool despite emergency  
Whom shall I fear except the God  
Thank you for the blessin' and the skills on the mic  
Five years we know there's no diggity  
Free at last see the light in me  
What goes up must come down  
I'll be around while you heading towards death town  
Always look forward hardly never look back  
So many tears and the snakes on my jock  
Now I'm riding in my big fat ride  
Your ass is late so look for the line  
Nana in the house to let you know  
What I see is how  
I feel so leave me alone

**I am lonely lonely in my life**

**I am lonely lonely lonely**

**God help me, help me to survive**

Knock on my door whom you lookin' for  
A dream or reality enemies at my door  
Eyes, I realize it's fantasize I must be high  
So let me live before I die  
Once again grab the bottle twist the cap  
To survive your life is yours my life is mine  
No emotions in this world full of lies  
Step by step and be versatile  
Love peace and cash that's what it's all about  
Alone by yourself than you lack there's no doubt about  
I'm always into something making moves to improve  
What would you do if you were in my shoes  
Boom a letter oops another suicide  
Meet me for a ride at the boulevard

**Nana's in the house to let you know**

What I see is how I feel and damn I'm alone
