Power

Par Jeremy Loops

Album : Jeremy Loops

Seeing what my eyes can't see

And being what I wanna be

And I'll do what I wanna do

'Cause it's you, it's your

You come and help me break through

'Cause you've got power, oh

You're living in your emotions, oh

And you've got power, oh

Now don't stop your heart showing it, no, no

Now I was lonely, emptied out

I was working unfamiliar hours

I was not doing anything

That I wanted to

But now you know I got power, oh

You're living in my emotions, oh

And that I got power, oh

And I won't stop my heart showing it, no, no

Well my head and my soul hard fought until the day I go

Well you know that I know that you wanna, but you still won't go

And here's you flying through, it's been longer than you care to know

'Cause you've been so low

So take one look where you are now

Feel good that you got this far

Be sure to take a little time

To help a fellow out

And tell them that they got power, oh

You're living in their emotions, oh

And that they got power, oh

And to never stop their hearts showing it, no, no

We got power

You're living in their emotions, oh

Well you got power, oh

And to never stop your hearts showing it, no, no

That you got power
