Burning Car

Par John Foxx

Album : Intrigue (Steven Wilson Presents: Progressive Sounds In UK Alternative Music 1979-89)

She was dressed in a white suit

She looked like a bride too

Chorus:

It's a burning car

It's a burning car

Then I looked at the sunset

And it felt like a stage set

(Chorus)

Alright

And I looked at my watch face

I remembered the time and place

(Chorus)

And I breathed in the night perfume

As we met in the dark room

(Chorus)

Alright
