# St? Patrick's Day

Par John Mayer

*Album : Room For Squares*

Here comes the cold

Break out the winter clothes

And find a love to call your own

You, enter you

Your cheeks a shade of pink

And the rest of you in powder blue

Who knows what will be

But I'll make you this guarantee

**No way November will see our goodbye**

**When it comes to December it's obvious why**

**No one wants to be alone at Christmas time**

In the dark, on the phone

You tell me the names of your brothers

And your favorite colors

I'm learning you

And when it snows again

We'll take a walk outside

And search the sky

Like children do

**No way November will see our goodbye**

**When it comes to December it's obvious why**

**No one wants to be alone at Christmas time**

And come January, we're frozen inside

**Making new resolutions a hundred times**

**February, won't you be my valentine?**

And we'll both be safe 'til St. Patrick's Day

We should take a ride tonight around the town

And look around at all the beautiful houses

Something in the way that blue lights on a black night

Can make you feel more

Everybody, it seems to me, just wants to be

Just like you and me

**No one wants to be alone at Christmas time**

Come January, we're frozen inside

**Making new resolutions a hundred times**

**February, won't you be my valentine?**

And if our always is all that we gave

And we someday take that away

I'll be alright, if it was just 'til St. Patrick's Day
