Columns Pillars Steps

Par John Vanderslice

Album : [standalone recordings]

Try to lie

Try to lie still

And just give in to uncontrollable will

Don't say a word or look me in the eyes.

Don't try to comfort me

I'm unconsolable still

Cruisin' all night

I'm still cruisin' all night

I'm still cruisin' all night

Still cruisin' all night.

I saw you in DCU

You're with somebody new

I know how you are

It's always a quarter to two

Still cruisin' all night

Still cruisin' all night

Still cruisin' all night

Still cruisin' all night
