D2 No Surrender

Par Judas Priest

Album : Firepower (EU Black Edition)

You know that life isn't set

I lead the pack I ain't no pretender

You give as good as you get

We live and die cause there's no surrender

Chasing a dream as I go higher

Playing it mean, my heart's on fire

Living my life, ain't no pretender

Ready to fight with no surrender

You know the way that I feel

If you're with me you better hold on tighter

I'm only keeping it real

That's who I am, I'm just a non-stop fighter

Chasing a dream as I go higher

Playing it mean, my heart's on fire

Living my life, ain't no pretender

Ready to fight with no surrender

Run out of road

The end of the days

Not for the weak

Only the brave

Chasing a dream as I go higher

Playing it mean, my heart's on fire

Living my life, ain't no pretender

Ready to fight with no surrender

I'm chasing a dream as I go higher

I'm playing it mean, my heart's on fire

I'm living my life, ain't no pretender

Ready to fight with no surrender
