# LOVE SONG (Paused)

Par Justin Bieber

*Album : SWAG II*

Time gets prettier with you, I'm lifted

Something starts to take a hold of me (uh)

Spellbound, baby, it's like magic when you kiss me

I wanna be everything you need me to be, oh

**I wanna write you a love song, baby**

**I wanna write you a good one, you can't stop singing to me**

**I wanna write you a love song, baby**

I wanna write you a good one, you can't stop singing to me, oh-uh

Top down baby, let the roof go missin' (uh-uh)

Wind whipping your hair like it's a magic trick

Oh, an aesthetic, happening on the radio station, uh

Your eyebrows down in contemplation, uh

I gotta make a habit of this (baby, uh)

**I wanna write you a love song, baby**

I wanna write you a good one, you can't stop singing to me (woo)

**I wanna write you a love song, baby**

I wanna write you a good one, you can't stop singing to me (oh-oh)

And if you need me, you can hit me on the phone

And I might pull up kinda swiftly, just to make sure that you're alone (uh)

And we can't stop, won't stop, don't stop it

And we can't stop, won't

I wanna write you a love song, baby (uh)

I wanna write you a good one, you can't stop singing to me (I wanna, baby)

I wanna write you a love song, baby (you know that I do)

**I wanna write you a good one, you can't stop singing to me**

**I wanna write it well, I wanna write it well**

**I wanna write it well, I wanna write it well**

**I wanna write it well, I wanna write it well**
