You Losing Your Mind

Par Kanye West

Album : Bully

Her daddy got a big

An airplane

Her mommy holds all

The family attached

A beautiful rose

Is standing at the corner

She is living in and out of tune

And you

You're losing

You're losing

You're losing

You're losing your mind

And you

You're losing

You're losing

You're losing

You're losing your mind

Musta press machine

On her body

She keeps stepping on

Quick sand

A beautiful rose

Is standing at the corner

She is living in and out of tune

And you

You're losing

You're losing

You're losing

You're losing your mind

And you

You're losing

You're losing

You're losing

You're losing your mind

And you

You're losing

You're losing

You're losing

You're losing your mind

And you

You're losing

You're losing

You're losing

You're losing your mind
