# Cool World

Par Karla DeVito

*Album : Is This A Cool World Or What?*

I can't make up my mind...

What the possibilities are:

Fascinating or boring?

Is this a Cool World, or what?

I'm in a brown study

I'm in a blue funk

I'm in a purple haze

But they fade into a Cool World

(cool world) Is this a Cool World?

(cool world) Is this a Cool World?

(cool world) Oooh

(cool world) Is this a Cool World, or what?

I had a broken heart

I had a settled-down soul

I had a head-full of doubt

'Til I heard about the Cool World

Now I'm laughing at my sleep

I'm talking through my head

I'm moving fast through a graveyard

Pretending it's a Cool World

**(cool world) Is this a Cool World?**

**(cool world) Is this a Cool World?**

**(cool world) Oooh**

(cool world) Is this a Cool World, or what? ...

I want some french sunglasses

Call-waiting on my phone

I want a house for my mother

Just like Moses Malone

I keep my options open

My possibilities pure

I keep my eye to the main chance

I keep my place in this Cool World!

**(cool world) Is this a Cool World?**

(cool world) Is this a Cool World?

(cool world) Oooh

(cool world) Is this a Cool World?

(cool world) Is this a Cool World?

(cool world) Oooh

(cool world) Is this a Cool World, or what?

(cool world)

(cool world)

(cool world) Oooh

(cool world)...
