As I Slither

Par Kataklysm

Album : #2 Headbangers-Sampler: Best Of Genre CD3 Death Metal

I can't believe it came to this

I live my life with no regrets

Stripped down, from all my dignity

You took it all from me

I rise

Every single time you lie

To me

I'll play that game of hate

As I slither

I slither down your spine

Slither!

I slither down your spine

Slither!

I slither down your spine

Slither!

I'll take it all away

I'll take your life away

I'll take it all away

I can't believe it come to this

I live my life with no regrets

Stripped down, from all my dignity

You took it all from me

I rise

Every single time you lie

To me

I'll play that game of hate

As I slither

I slither down your spine

Slither!

I slither down your spine

Slither!

I slither down your spine

Slither!

I'll take it all away

I'll take your mind away

Don't try to comprehend me

Don't try to criticize me

Watch me as I slither

As I slither

Around your neck
