Open Invite

Par Kaytranada

Album : Escape Room

Time

Aside

I don't want to waste no time

Keep your thoughts aside

Put it on the floor tonight if you don't mind

Is it the views that you view in your mind?

Visions of you and I (Mind)

I could ride it and

Tell me that you want it

Don't be shy with me

(Oh, I) Wanna put it on the floor tonight

This is an open invite

To come inside and get this right

Oh, I wanna put it on the floor tonight

We could really cut the small talk

'Cause baby, you know just what I want

Oh, I just wanna fuck all night

You know this pretty pussy real tight (Ooh)

Beat it in a ring by night, I'ma snatch your soul on sight

I'ma suck it good, no bite

Let me put that stick in drive

Shift and that's a real bitch ride

I'ma let you film, just might

Let you press record and maybe scream your name (Uh-huh)

Wanna put it on the floor tonight

This is an open invite

To come inside and get this right

Oh, I wanna put it on the floor tonight

We could really cut the small talk

'Cause baby, you know just what I want

Oh, I
