Big Fig Wasp (Demo)

Par King Gizzard & the Lizard Wizard

Album : Nonagon Infinity

Any wasp that I see

It's a fig wasp

Pearly guillotine

It's a fig wasp

When the harvest's clean

It's a fig wasp

It's a winged machine

It's a fig wasp

Any wasp that I see

It's a fig wasp

Pearly guillotine

It's a fig wasp

When the harvest's clean

It's a fig wasp

It's a winged machine

It's a fig wasp

Did your God know

Insects grow

In my pome?

BIG FIG WASP!

Any wasp that I see

It's a fig wasp

Pearly guillotine

It's a fig wasp

When the harvest's clean

It's a fig wasp

It's a winged machine

It's a fig wasp

Does your God know

Insects grow

In my pome?

BIG FIG WASP!

Any wasp that I see

It's a fig wasp

Pearly guillotine

It's a fig wasp

Ficain eating corpses

There's a hornet

In my throat!

BIG FIG WASP!

My body's overworked

It's just the same I know

When can my body work

Cold static overload?

My body works, I know

It's just the same I know

My only difference

Is robot influence

I'm up here for the weirdo swarm

I'm the door when you come for more

One, two, three!

Nonagon infinity opens the door

Nonagon infinity opens the door

Wait for the answer to open the door

Nonagon infinity opens the door
