Gloria Estefan Always Tomorrow

Par Kuschelrock 10

Always Tomorrow

(Gloria Estefan)

I've been alone inside myself for far too long
Never really wanted it that way but I let it happen
If I could do it all again my life would be
Infinitely better than before I wouldn't waste a moment
(I'd) Make time for laughing with my friend
Make love, make music, make amends
Try to make a difference try to love, try to understand
Instead of just giving up I'd use the power at my command

Chorus

'Cause there's Always Tomorrow to start over again
Things will never stay the same the only one sure thing
is change
That's why there's Always Tomorrow

I guess it took a little time, for me to see

The reason I was born into this world and what I'd have
to go through.

For I've finally realized that I could be

Infinitely better than before definitely stronger

I'll face whatever comes my way

Savor each moment of the day

Love as many people as I can along the way.

Help someone who's giving up if it's just to raise
my eyes and pray.

Chorus

Bridge

Before your last setting sun

And everything your heart has longed for

Has yet to be (one)

Yes there's Always Tomorrow though people come and they go

But if you've brought some love to their lives

Then you've got something to show

ANYTHING FOR YOU

(Gloria M.Estefan)

Anything for you

Though you're not here

Since you said we're through

It seems like years

Time keeps draggin on and on

And forever's been and gone

Still I can't figure what went wrong

I'd still do anything for you

I'll play your game

You hurt me through and through

But you can have your way

I can pretend each time I see you

That I don't care and I don't need you

And though you'll never see me cryin'

You know inside I feel like dying

And I'd do anything for you

In spite of it all

I've learned so much from you

You made me strong

But don't you ever think that I don't love you

That for one minute I forgot you

But sometimes things don't work out right

And you just have to say goodbye

I hope you find someone to please you
Someone who'll care and never leave you
But if that someone ever hurts you
You just might need a friend to turn to

And I'd do anything for you

I'll give you up
If that's what I should do
To make you happy

I can pretend each time I see you

That I don't care and I don't need you

And though inside I feel like dying
You know you'll never see me crying
Don't you ever think that I don't love you

That for one minute I forgot you

But sometimes things don't work out right

And you just have to say goodbye

CAN'T STAY AWAY FROM YOU

(Gloria M.Estefan)

Time flies

When you're having fun

I heard somebody say

But if all I've been is fun

Then baby let me go

Don't wanna be in your way

And I don't wanna be your second choice

Don't wanna be just your friend

You keep telling me that you're not in love

You wanna throw it all away

But I can't stay away from you

I don't wanna let you go

And thought it's killing me that's true

There's just some things I can't control

Your love is slipping through my hands

And though I've heard it all before

I know you're telling me the truth

I know it's just no use

But I can't stay away from you

Hold on to every bit of hope, that's all I ever do

Hoping you might change your mind

And call me up to say how much you need

me too

And though you're leaving me no other choice

That to turn and walk away

Look over your shoulder, I'll be there

You can count on me to stay ...

'Cause I can't stay away from you

I don't wanna let you go

And though it's killing me that's true

There's just some things I can't control

Your love slipping through my hands

And though I've heard it all before

I know you're telling me the truth

I know it's just no use

But I can't stay away from you
