Take Me With You

Par Kylie Minogue

Album : Hits Plus (2000)

I try, not to panic and hold on to the pieces

It's hard to stop my heart from bracing

If I could sprint into tomorrow

If I could reach to where I've never been

Get to where I'm facing

I don't want to be here take me with you

Until I die, until I die

Until I die, until I die

Take me with you

Until I die, until I die

Until I die, until I die

I try to be careful, hold on to the reason

It's hard to stop my head from spinning

If I could speed up to tomorrow

If I could see the things I've never seen

Get to where I'm going

I don't want to be here take me with you

Until I die, until I die

Until I die, until I die

Take me with you

Until I die, until I die

Until I die, until I die

Take me with you

Until I die, until I die

Until I die, until I die

Take me with you

Until I die, until I die

Until I die, until I die

I don't wanna hurt inside

I feel like I'm losing time

Take me with you

I don't wanna hurt inside

I feel like I'm losing time

Take me with you

I don't wanna hurt inside

I feel like I'm losing time

Take me with you

I don't wanna hurt inside

I feel like I'm losing time

Take me with you

Until I die, until I die

Until I die, until I die

Until I die, until I die

Until I die, until I die

Take me with you

Until I die, until I die

With you, with you
