Like A Lady

Par Lady Antebellum

Album : What A Song Can Do

Lady

Lady

Boy, I'm not the kinda girl to go

And fight for all your attention, mm-mm

I'm not too afraid to call this off

And go see what I've been missin', mm-mm

Leave the dress at home 'cause it makes me too polite

No more waitin' by the phone

I'm steppin' out tonight

'Cause I feel like a lady

Sippin' on tequila with my Levi's on

A lady

Singin' to the music, playin' all night long

Yeah, I'm feelin' right, I'm livin' my life, I do what I like

'Cause I feel like a lady, a lady

Treat myself to what's up on the highest shelf

I want it, I get it, mm-mm

I might look like I'm lonely, but I'm only lovin' every minute

Ooh, baby

Leave the heels at home, 'cause they never do me right

Go out dancin' on my own

Man, these heels don't lie

'Cause I feel like a lady

Sippin' on tequila with my Levi's on

A lady

Singin' to the music, playin' all night long

Yeah, I'm feelin' right, I'm livin' my life, I do what I like

'Cause I feel like a lady, a lady

Feel like a lady, a lady, yeah-yeah

Might change my hair and change my mind

Might change your whole damn life

Might break your heart, and not think twice, that's right

I'm a lady

Sippin' on tequila with my Levi's on

A lady

Singin' to the music, playin' all night long

I'm feelin' right, I'm livin' my life, I do what I like

'Cause I feel like a lady, a lady, yeah

(I feel like, I feel like a lady)

(I feel like) I feel like (I feel like a lady) I feel like a lady

(I feel like, I feel like a lady) like a lady

(I feel like) lady
