A Love Afair

Par Lady Linn And Her Magnificent Seven

Album : Here We Go Again

You may deny you love me

You may deny you care

You may deny you've got it there

But you can't deny darling

A love affair, that's what we have

You may deny you miss me

And all the things you say

But you can't deny darling

A love affair, that's what we have

So don't pretend it's cool

Don't you remember, that you're a fool for me

This love affair is cruel

This love affair is killing me

You may deny you love me

You may deny you care

But you can't deny darling

A love affair, that's what we have

Now you expect me

to forget the way you smile

And the way you

burn your lips on mine

Now you expect me

to forget the way you smile

And the way you

burn your lips on mine

So don't pretend it's cool

Don't you remember, that you're a fool for me

This love affair is cruel

This love affair is killing me

So don't pretend it's cool

Don't you remember, that you're a fool for me

This love affair is cruel

This love affair is killing me
