# I Can't Quit You Baby

Par Led Zeppelin

*Album : x Led Zeppelin YMS VI*

Ohhh, I can't quit you, baby

So I'm gonna put you down

**For a while**

I said I can't quit you, baby

I guess I'm gonna have to put you down

**For a while**

Said you messed up my happy home

Made me mistreat my only child

Yeah, yeah

When you hear me moaning and groaning

**You know it hurts me deep down inside**

Oh, when you hear me moaning and groaning, baby

**You know it hurts me deep down inside**

Oh, when you hear me holler, baby

You know you're my one desire

**Yes, you are**

Oooh

I'll buy you a red carpet for printing

And a diamond ring

No matter how I treat you, baby

I'm not your everything

Aaah, I won't take down, I can't quit you baby

Circumstances are gonna put you down

Go in a ride

But when I pamper you, my little girl

My life, my life is lie

You're my only denial

**Yes, you are**

**Yes, you are**
