I Can't Quit You Baby

Par Led Zeppelin

Album : x Led Zeppelin YMS VI

Ohhh, I can't quit you, baby

So I'm gonna put you down

For a while

I said I can't quit you, baby

I guess I'm gonna have to put you down

For a while

Said you messed up my happy home

Made me mistreat my only child

Yeah, yeah

When you hear me moaning and groaning

You know it hurts me deep down inside

Oh, when you hear me moaning and groaning, baby

You know it hurts me deep down inside

Oh, when you hear me holler, baby

You know you're my one desire

Yes, you are

Oooh

I'll buy you a red carpet for printing

And a diamond ring

No matter how I treat you, baby

I'm not your everything

Aaah, I won't take down, I can't quit you baby

Circumstances are gonna put you down

Go in a ride

But when I pamper you, my little girl

My life, my life is lie

You're my only denial

Yes, you are

Yes, you are
