They know what we want, want

Give it to us, give it to us

They know what we want, want

Give it to us, give it to us

They know what we want, want

Give it to us, give it to us

They know what we want, want

Give it to us, give it to us

20'S, 10's and 5's

20'S, 10's and 5's

If you a baller then the hundreds gon' fly

That's what I'm talking bout, stacks to the sky

We want 20's, 10's and 5's

We want 20's, 10's and 5's

I'm not a five dollar nigga, I'm a billion dollar entity

All I chase is money, only bad bitches interest me

Dade County nigga, diamonds come from Tiffany's

Park the prototype, it'll hit the streets eventually

Toss my dollar bills, toss my dollar bills

All I ever wanna do, toss my dollar bills

All the talking cease, you can hear the breeze

When the bitches realizing that I'm throwing honey bees

Ross

20'S, 50's, 100's on my bed, I sleep on paper

Pillows made of thousand dollar bills, can you break her

Million dollar comping, then I fuckin' keep the change

I keep a linen closet of some fresh sheets of what's his name

I got Mr. Woodrow Wilsons, hit the stock exchange

And they know what I want, they sent the money 'fore I came

Spend it on the chain, blow it all at the bar

Weezy Baby coming through and yes it's Trina Rockstar

20'S, 10's and 5's

20'S, 10's and 5's

If you a baller then the hundreds gon' fly

That's what I'm talking bout, stacks to the sky

We want 20's, 10's and 5's

We want 20's, 10's and 5's

Man all I got is hundreds, I ain't even stuntin'

Stuck on the Benjis like Benjamin Button

Trina what it do? I ain't seen you in a minute

When I think about my life I thank God that you was in it

Call me Weezy baby, AKA Payday
