# Walk On

Par Long John Baldry

*Album : Live*

Walk on, walk on, walk on, walk on

Walk on, walk on, walk on, walk on

I'm gonna keep on walking, to find my way back home

When your mind gets slow, and your shoes get thin

You don't know where you're going but you sure know where you've been

Walk on, walk on, walk on, walk on

I'm gonna keep on walking, to find my way back home

When it's hard, the highway's so long

Ain't no need of being together if we can't get along

Walk on, walk on, walk on, walk on

**I'm gonna keep on walking, to find my way back home**

I see so many people happy, I can't get used to happiness

Maybe this dress and happiness is not for me I guess

**Walk on, walk on, walk on, walk on**

**I'm gonna keep on walking, to find my way back home**

**Walk on, walk on, walk on, walk on**

**Walk on, walk on, walk on, walk on**

**I'm gonna keep on walking, to find my way back home**

**Keep on walking, find my way back home**

**Keep on walking, find my way back home**

**Keep on walking, find my way back home**

**Keep on walking, find my way back home**

**Keep on walking, find my way back home**

**Keep on walking, find my way back home**

Keep on walking, find my way back home

I'm gonna keep on walking, to find my way back home
