### Spit It Out

Par Lou Reed

*Album : Mistical*

If there's rage inside you so you cannot think, spit it out

If you get so angry that you cannot speak, spit it out

**Talk to him or her or it**

And tell them where they can put it

**Spit it out, spit it out**

You got to talk to him or her or it

**And take aim with your mouth and spit**

**Spit it out, spit it out**

If you get worked over at your job, spit it out

If a taxi almost runs you down, spit it out

You got to take aim with your mouth and speak

**And give it to them right between the teeth**

**Spit it out, spit it out**

**Talk to him or her or it**

**And take aim with your mouth and spit**

**Spit it out, spit it out**

Spit it out

Hey, hey, hey

If you're patient and you have the time, spit it out

Wait till they're on the decline, spit it out

The Chinese say you meet the hard with the soft

The Yin with the Yang, the down with the up, oh

**Spit it out, spit it out**

You got to grab that dumb he, she or it

**And give it to them right between the teeth**

**Spit it out, spit it out**

Spit it out, babe, spit it out

Hey
