Love The One You're With

Par Luther Vandross

Album : One Night With You: The Best of Love

If you're tired and confused

And you don't remember who you're talking to

Your concentration slips away

Because your baby, sweetheart, sugar's so far away

And there's a rose in a fisted glove

And the eagle flies with the dove

And if you can't be with the one you love

Honey, love the one you're with (that's right)

Love the one you're with

Do do do do do do do do it

Do do do do do do do do it

Do do do do do do do do it

Turn your heartache right into joy

She's a girl and you're a boy

Get it together

Make it tonight

You aint gonna need any more advice

And there's a rose in a fisted glove

And the eagle flies with the dove

And if you can't be with the one you love

Honey, love the one you're with (that's right)

Love the one you're with

Gotta do something, the nights really jumping so love

Don't mind the feeling, it's not like you're falling in love

Hugging and kissing when you're love is missin love

Can't do no harm if it's only one night and you're in

My man, go ahead on

Find somebogy, get somebody

Love will still be right here when you get home

For a night, get the love

The eagles flying with the dove

And if you can't be in love

With the one you love

Just love the one you're with
