Let Them Know

Par Mabel

Album : Pop Workout

Hmm

Yo

Baby, you're that

Nails shine like Christmas

Heels on six inches

Waist cinched, Mugler fit

You can't have this, you can't hit this

I got a new man in my business

And he all about his business

And his name ain't none of your business

(Oh, oh, oh)

Pin up girl on that poster

Say so like I'm Doja

Icy, wifey

Body shape Coca-Cola

I got a new man in my business

And he all about his business

And his name ain't none of your business

(Oh, oh, oh)

Let them know

Oh, baby, let them know

'Cause they can run they mouth

But I'ma stand and pose for you

Let them know

Go ahead and flip that switch

No, they can't beat you down

'Cause baby you're that, bitch

Lips pink like peaches

Money long like beaches

Rolls Royce, screeching

Rolex, gleaming (ha)

Blonde hair, yeah, I bleached it (ah)

You can call me Khaleesi (that's right)

I stay up on my queen shit

Up here, the haters look teeny tiny (oh)

Let them know

Oh, baby, let them know

'Cause they can run they mouth

But I'ma stand and pose for you

Let them know

Go ahead and flip that switch

No, they can't beat you down

'Cause baby you're that, bitch

Baby, you're that bitch

Baby, you're that

You're that bitch

Baby you're that

That-that you're that bitch

Baby you're that

That-that baby, you're

You're that bitch

All my girls feel the bassline

Ponytail to the waistline (done)

Throw it back, baby, take time (uh-uh)

Money talks and I make mine (ha)

All my girls feel the bassline (ha)

Ponytail to the waistline (ha)

Throw it back, baby, take time

Money talks and I make mine (ah-ha)

Let them know (oh, let them know)

Oh, baby, let them know

'Cause they can run they mouth (oh-woah, yeah)

But I'ma stand and pose for you (stand and pose for you)

Let them know

Go ahead and flip that switch

No, they can't beat you down

'Cause baby you're that, bitch ('cause you're that, yeah)

Let them know (ooh-ooh)

Oh, baby, let them know (tellin' me what)

'Cause they can run they mouth (ooh-woah)

But I'ma stand and pose for you

Let them know

Go ahead and flip that switch

No, they can't beat you down

'Cause baby you're that, bitch
