# Inanity Over Christmas

Par Madness

*Album : The Business - [CD3]*

Hello, everyone out there

This is Carl and the rest of Madness

We'd just like to bring you a bit of Christmas cheer

Please remember to keep a smile on your face 'til the New Year

Hello, this is Woody

And we've got a little song for y'all

Merry Christmas

One, two, three, four

Hiya, Merry Christmas everyone, Mark here

I'm gonna play a bit of bass for you now

Hello, this is Chris, Happy Christmas

Hi, Lee Kix here, filling your stocking

I play sax

But also, I sing at the same time

Baffling, eh?

Well, it's jingling bells, it's Christmastime

Santa fetches his sack

Snowdrop glitter falls from the skies

To settle upon each and every one's back

Chimney sweeps take to the streets in the ongoing situation

Pages freeze upon your pension book

And up flies the flag of inflation

**And all this time, I'll be waiting up by the chimney stack**

On this coldest year since brrr, up above upon a reindeer's back

**Bu-bu-bu-bu-bum**

Stop off at the Rock of Gibraltar, tea under the mrrrr of Malta

Wrap up warmer in Warsaw

Cruise over the flats of Alaska

**And all this time, I'll be waiting up by the chimney stack**

On this coldest year since, brrrr, up above upon a reindeer's back

**Bu-bu-bu-bu-bum**

I hope you enjoyed this song so far

This is Suggs, and now I am going to take it away

Okay, lads, let's close it together

**And all this time, I'll be waiting up by the chimney stack**

On this coldest year since brrrr, up above upon a reindeer's back

**Bu-bu-bu-bu-bum**

Okay, quiet everybody

This should go on here

Er, help me with those baggy over there

You'll never take me alive, Copper

Look, reindeer, don't be silly, just come on down

I'm gonna get that conny to ma

Don't waste anymore, sit down, this is holding the pace up

Shove it, Copper, I stick a grapefruit in your face

You what? You're out of a bloody job now come on down again

Nothing's going to stop us singing, Copper

Even if I have gotta come down and tell you myself

And stick it in your face

I'm gonna send in the troops if you don't come down

We're gonna keep singing in every home in the nation

Do whatever you want to do

You stupid flatfoot (What? That's it), you'll never take me alive

I'm on top of the world, boy (up above the chimney stack)

Top of the world, boy (by the chimney)

The stick is on, yeah

Chris, quiet down over there, will you?

I'm tryna get a message across, you know?

I'm gonna change the world overnight, yeah

Yeah, oh, yeah

Yeah, okay

Thank you

Thank you
