I Just Can't Wait

Par Mandy Smith

Album : Hits der 80er (1985-1989)

Being with you

They call me the fool

They just don't know what love can do

They talk as if I'm just a baby.

They said I'd be used

Lost and confused

They'll never see you the way that I do

And I'll go along with all that you want me to.

I just can't wait to see you

I only need to hold you in my arms

I just can't wait to see you

And everything will be all right.
Maybe they're right
Maybe you're wrong
I only know the feeling is strong
I couldn't take any more good advice.
Believing in you the way that I do
I know our love will pull us through
I'll go with you as long as you want me to.

I just can't wait to see you

I only need to hold you in my arms

...

I just can't wait - I just can't wait - I just can't wait -
And even if the whole wide world should turn its back
It wouldn't change a thing
I love him and I'll give him everything.

Being with you

They call me the fool

They'll never see you the way that I do

And I'll go along with all that you want me to.

I just can't wait to see you

I only need to hold you in my arms

...

I just can't wait to see you

I only need to hold you in my arms

...
