[LL Cool J]

Damn I Miss You...

It's still gone ride, it's still gone ride

Uh uh, uh uh, C'mon, uh, uh, yeah, ride, uh

Damn I miss you

Ooh I feel better than before

We should've never seperated

Paused or hesitated

You rocked me to sleep

It's like my body levitated

Lookin in the mirror

But the heat makes it less clearer

It's all fogged up, face me baby

Put your fingers in my mouth, let me taste the gravy

Reunited, feel good, real good, squeeze me

I tell you that I Love You

But you wouldn't believe me

**[Chorus - Mashonda]**

**Ghetto Lovin, when I'm with you**

**Anything you want I will do**

**Ghetto Lovin, when I'm with you**

**Anything you want I will do**

**[Mashonda]**

Hello... Baby...

There is something that I want to say to you

You've been on my mind now

For a while and I just dont know what to do

I've been thinking of holding you (holding you)

**Showing you, what I'm all about**

And I promise that I will do

Everyting you want without a doubt

[Chorus]

**[Mashonda]**

I know... That we've...

Had our share of ups and downs but thats in the past

If you promise to hold me down

Then our love will have a second chance to last

I've been thinking of holding you

**Showing you, what I'm all about**

(And I promise) And I promise that I will do

Everything you want without a doubt

[Chorus]

**[LL Cool J]**

Forget the past

We like Bonnie and Clyde from now on

Back to back, through the ups and downs

Right or wrongs, lay down

Let me kiss you all down your back

Then I'll go further down, swirl my tongue around

I apologize too

For not recognizing the pain inside of you

I never lie to you, again

Last time had stress on my mind

Had a hard time believing

That my girl could be genuine

It's different now, we ghetto lovers fo' real

I grab the wheel, you hold the steel

Teach me how to touch you where you like it the most

From now on, til we give up the ghost

Reunited, Baby

**[Chorus - till fade]**
