### 09 - Into Dust

Par Mazzy Star

*Album : So Tonight That I Might See*

Still falling

Breathless and on again

Inside today

Beside me today

A round broken in two

Till your eyes shed

Into dust

Like two strangers

#### Turning into dust

Till my hand shook

With the way I fear

I could possibly be fading

Or have something more to gain

I could feel myself growing colder

I could feel myself under your feet

Under your feet

It was you

Breathless and tall

I could feel my eyes turning into dust

And two strangers

Turning into dust

Turning into dust
