# This Time

Par MEDZ, shXdow. feat. Monika Santucci

*Album : This Time*

It's like you know all the right words left to say

When I look to you

Every time our problems go away

When I see you

**Burn it down**

**One more time**

**Turn it around**

**When you look my way again, I swear I fall**

**Back in your arms**

**So hold me tighter than you've ever held somebody**

**And when the night is closing in, you won't be lonely**

**All I know**

**Is I won't let you go**

**'Cause you and I, we could be dancing in the moonlight**

**And I swear I've never felt something that's so right**

**All I know**

**Is I won't let you go**

This time

**Is I won't let you go**

This time

It's like they say, that you don't know what you have

Until it's gone

I'm never making that mistake again

When I'm with you

**Burn it down**

**One more time**

Turn it around

When you look my way again, I swear I fall

Back in your arms

So hold me tighter than you've ever held somebody

And when the night is closing in, you won't be lonely

All I know

Is I won't let you go

'Cause you and I, we could be dancing in the moonlight

And I swear I've never felt something that's so right

All I know

Is I won't let you go

This time

Yeah, I won't let you go

This time, oh

This time

**This time, oh**

This time

**So hold me tighter than you've ever held somebody**

**And when the night is closing in, you won't be lonely**

**All I know**

**Is I won't let you go**

**'Cause you and I, we could be dancing in the moonlight**

**And I swear I've never felt something that's so right**

**All I know**

**Is I won't let you go**

This time
