Demons of Insanity

Par Metalium

Album : Demons of Insanity: Chapter Five

Many ways lead to an aim

The matter is, what's got to be

Your mind can't play along their rules

You got an own opinion

Why don't you scream out loud

No longer wanna be their fools

No

Spirit of the time

Manipulated Medias

Look they are all around

But we aint puppets they will see

Can't you feel it

It's the time to break

Out of this cage

Demons rising

Paralyzing

Trying to get a hold of you

Demons of Insanity

Bear your fears and use your force

To escape of this human zoo

Don't get sacrificed

Hunt them down

Down

Down

Down

Whatever they will try to break you

Don't let them get you down

Making you stronger deep inside

Can't you feel it

It's the time to break

Out of this cage

Demons rising

Paralyzing

Trying to get hold of you

Demons of Insanity

Bear your fears and use your force

To escape of this human zoo

Don't get sacrificed

Don't get sacrificed

Don't get sacrificed

Hunt them down

Demons rising

Paralyzing

Trying to get hold of you

Demons of Insanity

Bear your fears and use your force

To escape of this human zoo

Demons rising

Paralyzing

Trying to get hold of you

Demons of Insanity

Bear your fears and use your force

To escape of this human zoo

Don't get sacrificed

Don't get sacrificed

Don't get sacrificed

Down
