Whenever I Call You Friend

Par Michael Johnson

Album : Michael Johnson - Then And Now

Whenever I call you friend

I begin to think I understand

Anything we are, you and I have always been

Ever and ever

I see myself within your eyes

And that's all I need to show me why

Everything I do always takes me home to you

Ever and ever

Now I know my life has given me more than memories

Day by day, we can see

In every moment there's a reason to carry on

Sweet love's showin' us a heavenly light

I've never seen such a beautiful sight

See love glowin' on us every night

I know forever we'll be doin' it right

Whenever I call you friend

I believe I've come to understand

Everywhere we are, you and I were meant to be

Ever and ever

I think about the times to come

Knowing I will be the lucky one

Ever our love will last

I always want to call you friend

Sweet love's showin' us a heavenly light

I've never seen such a beautiful sight

See love glowin' on us every night

I know forever we'll be doin' it right
