Apart (Michael Mayer remix)

Par Michael Mayer

Album : DJ?Kicks: Michael Mayer

Everything we used to be

Has been taken from me

Everything we used to be

Is no longer with me

And all the pain I used to feel

Is no longer real

Only that I believe

It's beginning to heal

Nothing's going to trouble my heart, now that we have grown apart Please forgive me

Please forgive me

Nothing's going to worry me

I'm letting go

Nothing's going to worry me

I'm letting go

Everything we used to be

Has been taken from me

Everything we used to be

Is no longer with me

All the pain I used to feel

Is no longer real (is no longer real)

Only that I believe

Is beginning to heal

Nothing's going to trouble my heart, now that we have grown apart Please forgive me

Please

Nothing's going to trouble my heart, now that we have grown apart
